The application has been amended as follows:

The following is an examiner's statement of reasons for allowance: the prior art does not teach or suggest a mounting structure for lamp wires comprising a fixed bar portion, a tabling portion, a connecting portion connecting the fixed bar portion to the tabling portion, with a first wire passing between fixed bar portion and the tabling portion and a second wire passing through a fixing hole in the connecting portion, and a retaining claim connecting with the tabling portion, and having a wire clip hole to fix the first and second lamp wire, wherein the fixed bar portion and the tabling portion are embedded in to a trench of the plastic frame and the retaining clamp portion extends out of the plastic frame, in combination with the remaining limitations of the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
